

Hurricane Preparedness Tips

STARTING POINTS:

- ❖ Develop your personal disaster plan on how you will protect your household and your property.
- ❖ Check your insurance coverage and be sure it includes replacement coverage, flood, and wind protection.
- ❖ Trim your trees and bushes in May so they will survive damaging winds. You can get tree-trimming tips from the Miami-Dade Cooperative Extension Office.

CITIZENS CHECKLIST: Based on National Hurricane Center forecasts, Miami-Dade County will announce in the local media information about what citizens should be doing as a storm is approaching. **Once residents and tourists hear that a tropical storm has formed, listen for these stages of readiness:**

Ready: There is a storm threat - review your plan and get ready to act.

Set: A storm is likely - take actions to protect your home and business.

Safety: A storm is forecast to strike - orders and instructions to evacuate and/or to take shelter will follow.

EVACUATION: If you live in an evacuation zone, make plans to leave early to the inland home of a friend or family member.

- ❖ **IF YOU LIVE IN A MOBILE HOME OR ARE ELECTRICALLY DEPENDENT YOU SHOULD EVACUATE FOR ANY CATEGORY OF TROPICAL STORM OR HURRICANE.**
- ❖ Rehearse your evacuation plan with your household and leave extra time for traffic. Fuel vehicles.

- ❖ STS users: STS has a very limited number of vehicles and will only provide one (1) trip during evacuations.
- ❖ Beware of canals / road washouts hidden by high water.

COMMUNICATIONS:

- ❖ Establish an out-of-state or area phone number to relay messages to friends and family.
- ❖ Assign someone in your home the job of checking the weather everyday during Hurricane Season.
- ❖ Once a tropical storm has formed monitor the National Hurricane Center forecasts which are released at 5 a.m., 11 a.m., 5 p.m. and 11p.m.
- ❖ Keep a battery-operated radio and two weeks supply of batteries on hand at all times.

SHELTERING IN PLACE: If your residence is not in an evacuation zone and has hurricane shutters, you may be able to take shelter there. Remember these things:

- ❖ Take refuge in an interior hallway or smaller room with no windows, like a closet near load bearing walls.
- ❖ Keep a mattress nearby to protect your head.
- ❖ Be sure to leave a clear path to exit in case of fire and keep a fire extinguisher nearby. Only use battery operated lamps or flashlights.

SAFETY AFTER THE STORM:

- ❖ Car accidents are the main cause of injury after a hurricane; treat all intersections like a 4-way stop. Combine your trips and drive only if it's absolutely necessary.
- ❖ Stay away from all downed utility lines and do not drive over them. Do not wade in floodwaters after a storm.
- ❖ Limit your phone calls to absolute necessity and only call 911 for life threatening emergencies.
- ❖ **GENERATORS:** Ground your generator and do not run generators inside your home. Do not connect to your home's electrical system, it is a fire / electrocution risk.
- ❖ Operate chain saws safely, read warnings on saw.

Emergency Evacuation Assistance Program: Residents who may need assistance evacuating from a disaster **must pre-register** for the Emergency Evacuation Assistance Program by calling the Miami-Dade Answer Center at (305) 468-5900 TDD (305) 468-5402 for an application. Applications are available in Creole, English and Spanish and can also be downloaded from the OEM website: www.miamidade.gov/oem.

2005 Hurricane Evacuation Centers

You should try to evacuate to the home of a friend or family member who lives outside of the evacuations zones. Red Cross Hurricane Evacuation Centers should be used as a last resort.

Remember, evacuation centers are not designed for comfort and do not accept pets.

NOT EVERY SITE WILL OPEN FOR EVERY EVACUATION!

Please monitor the local radio or television, or call the Answer Center at 305-468-5900 (TDD 305-468-5402) to find out which centers are open when an evacuation order is given. People who require special assistance in evacuating must register by calling the Answer Center.

2005 HURRICANE SEASON HURRICANE EVACUATION PICK-UP SITES

Miami-Dade County encourages individuals living in hurricane evacuation zones to have arrangements in place to stay outside of the evacuation zones during a tropical storm or hurricane. These arrangements should be in place prior to the arrival of hurricane season.

For those unable to make such arrangements, the Red Cross opens Hurricane Evacuation Centers (HECs) as shelters of last resort. Individuals that are unable to provide their own transportation to a HEC can use public evacuation transportation.

Miami-Dade Transit will activate specific bus pick-up points, as listed below, within the hurricane evacuation zones. These pick-up points are identified by a sign that reads **"HURRICANE EVACUATION BUS PICK-UP SITE."** The buses placed into service for the evacuation will have displays that read **"EMERGENCY EVACUATION"** and these buses will only travel between the pick-up site and the HEC.

To learn which hurricane evacuation bus pick-up sites are activated during a storm you should listen to the local media, monitor the County's website at www.miamidade.gov, or contact Miami-Dade 311 at (305) 468-5900.
